# Installing the Urkund Plugin

Be sure to login into Blackboard as a system administrator.

Click on the Tab named System Admin. In the section named Blackboard Building Blocks Management, click on the link Building Blocks. A screen will open listing all the installed building blocks.

At the top of the screen, click on the button Install Building Blocks.

The screenshot shows the Blackboard Learn System Admin interface. The 'Building Blocks' section is active, and the 'Upload Building Blocks' button is highlighted with a red circle. Below this, a table lists various building blocks. The table has the following columns: Name, Vendor, Version, Availability, and Course/Org Default. The 'Availability' column contains dropdown menus with 'Available' and 'Unavailable' options.

At step 1, browse to the UrkundBb-9.1-1.war file, select it, and at step 2, click on Submit. You will receive a message saying that the building block was installed successfully. Press OK in this screen and you will go back to the building blocks overview screen.

The Urkund Plugin should now be listed. Search for it and in the drop-down box for Availability, select the Available option. Click OK in both the next screen and the screen that follows.

The screenshot shows the Blackboard Learn System Admin interface. The browser address bar displays the URL: 169.254.72.192/webapps/portal/frameset.jsp?tab\_tab\_group\_id=6\_1. The page title is "Your Institution UNIVERSITY". The navigation menu includes "My Institution", "Courses", "Community", "Services", and "System Admin". The main content area is a table of integrations with columns for Name, Vendor, Version, and two status dropdowns. The "Urkund Connection" row is highlighted, and its two status dropdowns are circled in red.
